

ABHIKA + SHIRTAPORTER **WILD DÉCO**

Travel to a faraway island, wild and luxuriant. The nostalgically "Wild" print by Shirtaporter brings the exciting collaboration with Abhika to life.

Abhika, the design brand aimed at pure maximalism joins with the aristo-chic creativity of Shirtaporter to create a total look for the home inspired by an exotically charming kingdom.

Whether it is decorating the walls, customizing lampshades or upholstering a retro daybed, the "Wild" print, exclusively by Shirtaporter, expresses the clarity of the crystalline waters of intriguing tropical islands, between granite bluffs and coconut palms, in a refined aesthetic concert that brings to mind freedom and light-heartedness.

The long fringes and the solid wood screen add a classic note to the modern lines of the design by Abhika and contributes to emphasise the relaxed elegance which the two brands have in common through an unexpected emotional experience that recalls the 20s of the last century.

Shirtaporter joins with the design style of Abhika to expand the boundaries of interior decoration by defining a new style metric.
